

This document is written in \LaTeX .

Here is a plot generated in matplotlib from the script result1.py:

Here is a more complex plot, also generated from matplotlib.

Here is some more text, imported from a textfile generated by a python script.

Python calculations enenerated by a Python script.

An here is a map generated by a shellscript

And here is a map generated directly by shell commands in the SConstruct file.
Here will be a tikZ illustration.
And biography.
And maybe a madagascar exemple.
